**FISH of McHenry
Food Pantry**
is moving to
a New Home!

A New Home for FISH!

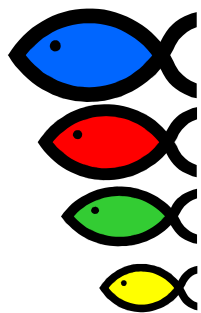

We are excited to announce the move to a new facility for FISH of McHenry Food Pantry! We are thankful for the recent grant to McHenry Township from the State of Illinois in 2010 to build a new township building, specified as a food pantry building, which will finally house our pantry and warehouse in one facility. FISH will be responsible for completing the interior of the building including all shelving, freezers, refrigerators, furniture, flooring, interior finishes, office supplies and all monthly utilities. No donations that were intended for food will be used to complete our new building.

Climb on Board!

FISH has been blessed with the continued support from our local residents, businesses, schools, churches and organizations. We are accepting donations to cover the additional expenses needed for our new facility. Donors will be recognized individually for this **one-time donation** on an acrylic fish and displayed as a multicolored mural in the waiting area of our new FISH of McHenry Food Pantry. This special Building Campaign will run from January 1, 2012 – July 31, 2012.

Our FISH Tale

MISSION:

FISH of McHenry Food Pantry is an all volunteer service organization that strives to meet the supplemental emergency needs of the disadvantaged in our community. It operates solely on donations of money and goods.

HISTORY:

FISH of McHenry was chartered and organized in 1973. The Food Pantry has been operating out of temporary locations throughout McHenry for 38 years.

FISH often "fills the gap" while people are waiting for public aid, food stamps, disability or unemployment compensation. Currently, **FISH** of McHenry is serving over 500 families a month. With the present economic situation and loss of jobs, we are seeing a greater increase in clientele.

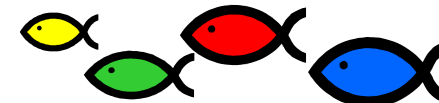

FISH has been operating out of a 1400sf space in the basement of the township building for the past 6 years and storing food in an off-site, rented storage facility just a few miles away. Additional volunteers and transportation are needed each week to transfer food back and forth between the two locations. Our new location will allow us to combine both the warehouse and food pantry under one roof to serve our clients and store food much more efficiently. In addition, FISH will be able to purchase larger quantities of food from the Northern Illinois Food Bank at greatly reduced costs.

FISHWish List

The following is a list of items FISH will be purchasing for our new facility with your generous monetary donations.
